PROFILE

Motivated Front-End Web Developer with strong skills in HTML, CSS, JavaScript, and React.js. Experienced in building responsive, interactive websites and single-page applications. Proficient in API integration, version control (Git), and modern UI design practices. Eager to contribute to a dynamic development team and grow in a professional environment.

WORK EXPERIENCE

Shaheen Coaching Centre   2024 - PRESENT
Web Developer (Part-Time)

- Maintained and updated the coaching centre's website using HTML, CSS, and JavaScript.
- Added new features and sections using React.js.
- Ensured mobile-friendly and accessible design for all pages.

Young Scholars Grammar School   2021 - 2023
Physics Teacher (Matric & Intermediate)

- Teach Physics to students of class 9, 10, 11, and 12 (Science and Pre-Engineering group).
- Explain complex scientific concepts using real-life examples, visuals, and experiments to enhance student understanding.
- Prepare and evaluate regular assessments, quizzes, and board exam-style tests.
- Help students develop strong conceptual foundations and problem-solving skills.
- Collaborate with other faculty members to plan curriculum and manage class schedules.
